DANIEL FIXEMER

Managing Consultant | EPM & Finance Transformation

Bridging Finance & Technology | Team Leadership & Mentoring | Stakeholder Management

PROFESSIONAL SUMMARY

Results-driven Managing Consultant with 10+ years of experience at the intersection of finance and technology. Proven track record in delivering end-to-end EPM and finance transformation projects for multinational clients across life sciences, digital platforms, industrial manufacturing, and the public sector. Adept at leading cross-functional teams of consultants, mentoring junior talent, and advising D-level and B-Level stakeholders on strategic and operational matters. Driving successful projects by developing teams in the process.

CORE COMPETENCIES

- Finance-to-Technology Bridge
- EPM Solution Design & Delivery
- Financial Planning & Analysis
- Consolidation & Reporting
- AI / ML Solution Builds
- Team Leadership & Mentoring
- Stakeholder Management
- Process Optimization
- Process Automation
- AI-Powered Training Solutions

PROFESSIONAL EXPERIENCE

Managing Consultant

CPM Partners

10/2022 – Present

Industry: EPM Consulting & Finance Transformation | Switzerland

- Delivered end-to-end consulting and implementation projects on the OneStream EPM platform for FP&A, consolidation, and long-term strategic planning
- Led workstreams and coordinated teams of consultants, ensuring structured execution and high-quality delivery across complex, multinational engagements
- Advised senior finance leaders and C-level executives (CFOs, CEOs) on strategic and operational EPM matters
- Served key clients across industries: DSM-Firmenich (life sciences), DeliveryHero/Glovo/Talabat (digital platforms), Montana Aerospace (industrial manufacturing), State of Geneva (public sector), ABB (Robotics)
- Designed and delivered consultant onboarding and training programs; developed an AI-supported guided learning solution for organizational knowledge transfer
- Drove pre-sales activities including RFP responses and proof-of-concept demonstrations
- Automated analytical and financial solutions leveraging .NET, C#, VBA, and Python

Strategic Planning Consultant

7Days Media Services GmbH

07/2020 – 09/2022

Industry: Logistics & Service | Switzerland / Luxembourg

- Provided management consulting in network, fleet, site, warehouse, and process optimization
- Led multidisciplinary projects including MIGROS Online client integration and business continuity planning (COVID-19)
- Developed business plans for Luxembourg restructuring and Switzerland 2022–2025 strategic roadmap
- Managed cross-sectoral process analysis and stakeholder coordination across departments

Junior Controller

7Days Media Services GmbH

09/2019 – 06/2020

Industry: Logistics & Service | Switzerland

- Developed recurring growth KPIs and CRM customer pipeline reporting
- Built a staff cost budgeting tool and coordinated the general budget process across HR and operations
- Analyzed medium- to long-term goals, risks, and future sales potential

Consumer Market Intelligence Analyst

Heineken Switzerland AG

03/2019 – 06/2019

Industry: FMCG | Switzerland

- Supported database migration (Nielsen Answers) and overhauled recurring CMI reports
- Delivered ad-hoc analysis across marketing, on-trade, and off-trade channels

Project Lead: Service Incentive Mechanisms

Elcotherm AG

10/2017 – 10/2018

Industry: Construction & Service | Switzerland

- Led the design and implementation of employee incentive mechanisms, from survey through rollout
- Managed the test phase, workshops, and target performance analysis of the service budget

Strategic Controller

Elcotherm AG

07/2014 – 09/2017

Industry: Construction & Service | Switzerland

- Developed a medium-term financial model and simulated financial scenarios for executive decision-making
- Created recurring sales reports and conducted competitive analysis of the market and client base
- Supported reporting, budget, and process planning as well as SAP database restructuring
